Solidaridad Esperanza Peekskill

The goal is to be able to get through this together responsibly and take the precautionary measures adopted and recommended by the United States Department of Health and the State of NY. We have decided the following:

- Detect vulnerable, isolated, quarantined or positive people with COVID-19.
- Contact and listen to the needs of people in the states mentioned.
- Help deliver food, medications prescribed by your pharmacy doctors, etc.

In order to prevent these individuals from the risk of going out or putting the health of others at risk and avoiding more infections.

We trust in having the support of all the good will people of Peekskill, with their ideas and suggestions, which will allow us to overcome this difficult situation together and with social responsibility.

If you would like to access services, contribute, or volunteer please contact:
Rene Merchan 347 818-7107 or Angelica Fernandez at 914 382 1200 or via
